Team Work Progress: (Work progress shown in class OR outside class hours) Had the meeting outside of class hours again. In last progress report, we finished the login and invite people join app functions. Currently, we have finished few more functions, which are the reading corner, reading progress bars, the navigations for each topic of reading corners. We did the tasks equally, like both of us provide the idea and discuss together when doing this assignment.				
Next Milestone/s: (What is expected of each team member) – <u>Can be filled by Team Leader.</u>				
Task: We are going to start the wireframes for quiz offering and notification functions.	Task: Figuring out how to do the basic analytic report for reading process of each topic.	Task:	Task:	Task:
