Team Work Progress: *(\Work progress shown in class OR outside class hours)*

In last progress report, we finished few more functions, which are the reading corner, reading progress bars, the navigations for each topic of reading corners.
Currently, we are still working on the quiz, notification, and database. The quiz interface is almost done, but the database still got some problem. And the previous interface we find some problem, so we are also still fixing it.
We did the tasks equally, like both of us provide the idea and discuss together when doing this assignment.

Next Milestone/s: *(What is expected of each team member)* – **Can be filled by Team Leader.**

Task: Need to add the database for first 4 functions first. Then, try to cover all the functions.	Task: Need to finish the design of quiz interface and then fix the problem of previous mistake made in home page interface.	Task:	Task:	Task:
